When Jesus Touched Chipata, Zambia

Dear Friends,

In this newsletter I would like to report from our crusade held in Chipata Compound, just outside Lusaka, the capital of Zambia.

As usual, the crusade was well-prepared by our Africa Team working together with the local churches. Chipata Compound is a high-density township packed with low-income workers and their families. The spiritual needs are great, and the churches had worked for years under very difficult circumstances without making much headway. They, therefore, welcomed our team believing that God would use our crusade to bring them a much needed breakthrough.

To this crusade, I was accompanied by my friend Pastor Chris Foster and Brad Chivington from New Life Assembly of God in Lancaster, Pennsylvania.

Chipata Compound was full of excitement when the crusade started. The Holy Ghost moved with great power throughout the entire week, with huge multitudes receiving Jesus in every service. God did wonderful miracles every night, and on the last night, thousands were baptized with the Holy Ghost and with Fire.

I know all my crusade reports sound "alike"; huge multitudes of people receiving Jesus, the miracles in every service, the mass-baptisms with the Holy Ghost. But believe me, I never

find it "monotonous." I have never lost my childlike enthusiasm and excitement over all this after 21 years of crusades in Africa. I am still thirsty for more souls for God's Kingdom, more miracles, and greater outpourings of Holy Ghost Fire!

In this newsletter, instead of giving you a report, I am reproducing parts of Pastor Chris Foster's Blog where he tells how he experienced the Chipata crusade!

Finally, as I write these lines, Gabriel and I are in Taiwan. Hundreds of people have received Jesus in these meetings and we have seen Jesus do many wonderful miracles. From here we go to Zambia and Zimbabwe for two crusades.

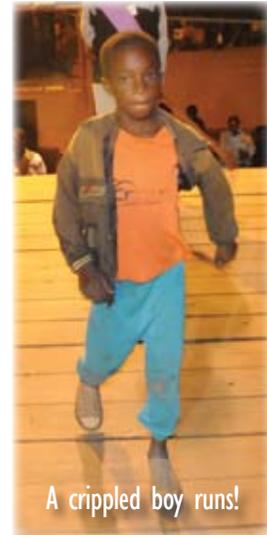

Thank you for your love, prayers, and generous financial support, helping us to reach the lost with the Gospel of our Lord Jesus!

In Christ,

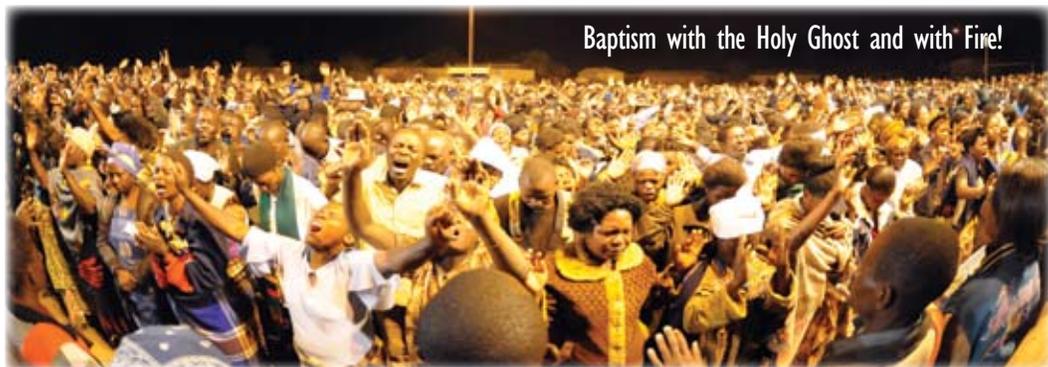

Christopher and Britta Alam

Jesus Is Awesome!!

"Praise The Lord! The second night of the crusade was bigger than the first. The crowd was huge. People were packed in so tight it was unbelievable. We saw more deaf ears opened. Brad laid hands on a kid who couldn't hear and when the prayer was over he could hear. I laid hands on a kid who couldn't walk and the mother got really excited after Christopher prayed for healing to take place. I tried to find out what was going on and all the mother kept telling the boy to do was shake his leg. (the language barrier is difficult) The boy was unable to walk and Jesus touched his leg and he began to run. It was cool. There was this elderly lady who was blind and she was healed. God truly is amazing. All The Glory belongs to Jesus! People kept crowding around us so we could pray for them but the crowds were just too big. The hunger is contagious. People have been coming after God and He hasn't disappointed. I am really impressed with Christopher and his team. They are the real deal. He has 9 team members, 7 of which Christopher supports through his ministry. The other two are Europeans and raise their own support to be on the field. They are all like family. It is really neat to be able to spend time with them, but I am starting to miss my own family."

"I also wanted to tell you about the kid's crusade today. First of all Brad and I are a

little red. The sun is very hot here in Africa. I am so happy that I am going to come home with a little color. We jumped at the opportunity to help. We both helped with dramas and I got to be in a human video. It was actually a ton of fun. There were better than 500 kids in the heat of the day. There is such potential for us to help with these crusades. I think we should bring some teams over. Christopher thought it was a great idea. We will put some details together on some possible crusades. Well it is very late here and I should get some rest. I love my New Life family! Blessings!"

Saturday, May 17, 2008

"Praise the Lord! Today is the day the Lord has made I will rejoice and be glad in it. He has done great things. Tonight's crusade was a blast. The crowd grew again and a ton of people were saved to the glory of God. There were several demon possessed delivered tonight. The amazing thing was they could not stand in the presence of Jesus. Christopher preached a strong message tonight. There is power in the name of Jesus. Devils must submit to the authority in the name of Jesus. Many deaf received their hearing and another blind woman received her sight. Another boy who could not walk without falling was running on the platform. I was so blessed by that. Friends I don't know if you realize it or not this is book of Acts stuff."

"I am meeting a lot of really neat people. Today I met an Assemblies of God Missionary to Zambia from Brooklyn New York. He is in his 70's and he was dancing and praising God like he was in his 20's.

His name is Pastor Mike Santiago. He has been a missionary for over 30 years and he has been to Swaziland, South America, West Africa and Zambia. We also ate dinner tonight at an Indian family's house and tonight we feasted. We had curry chicken, beef stew, steaks, and sausage with sides like rice, coleslaw and the African version of cornmeal. It was all very good. I have found so many kind people here. They have a great deal of respect for Pastors here. I so appreciate the kindness of the people. You can tell there is a genuine love for people in the hearts of the Christians here. Remember to pray for the crusade on Sunday night it is Holy Ghost night. I pray that the fire of God falls. We have two more nights of crusade and then we start our journey home. I really have to go to bed so I will see you soon. Lots of love! Blessings!"

Revival In Africa!

"Praise The Lord! I ran out of time yesterday to post so today will have to do. I have been doing a lot of thinking which can be bad at times. Sometimes we can think our way right into a mess. I have been pondering this: What is the most important thing that I have learned from my trip to Africa? I was very moved by a lot of really powerful things. I saw the blind recover their sight. I saw the deaf hear again. There was definitely a ton of excitement. I saw thousands baptized in the Holy Spirit and they received without anyone coaching them. Imagine that! The lesson that provided me with the answer did not happen until we were on our way home. I was sitting on a plane reading a

Another paralyzed boy runs!

A deaf child can hear!

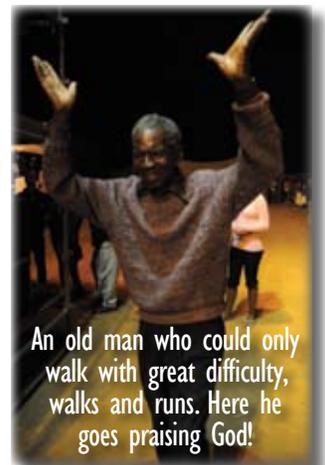

newspaper from Johannesburg, South Africa and I was startled by the scene on the front page. There was a man from Zimbabwe, that took up half of the front page, who had been set on fire. I must admit that my stomach got a little sick. I wanted to throw up. I read the article and it described how brutal human beings can be. The crowd of onlookers laughed as this man was burning alive. My response was not very Christian. I wanted to hurt those people back and then the lesson started. More than the miracles and the demonstration of the power of God is His love for lost humanity. He does not pick and choose who He loves based on our

actions. He loves us in spite of what we do. I know this should be elementary, but I must admit that I had fallen into a theology that left out the most evil people. I know that I am a sinner but I have never lit anybody on fire. I began to realize how hardened I have become. This lesson has startled me. I thought I loved people, but I think that I love people that love me. I know you probably love those who hate you and would set you on fire, but I hesitate at the thought. Isn't this what Jesus really modeled for us. The people, who mocked him, beat him, and spat on him are the very people that he loved and died for. This is not the only lesson I

learned but I think it is probably the most powerful. The Holy Spirit has exposed me. I am a pastor and I am learning to love people when they least deserve it because that is what Jesus has done for me. It may not be a powerful insight to you but it is life changing for me. Blessings!"

Pastor Chris

An old man who could only walk with great difficulty, walks and runs. Here he goes praising God!

A woman rejoices after her son, who was deaf, is healed!

Please pray for safety and protection over Christopher and teams throughout the world.

Burma & Zimbabwe Relief Report

BURMA:

Our 4 relief teams are still out in the affected Irrawaddy Delta Region providing Aid to people in need.

We moved immediately by sending an emergency team providing initial medical help, food, shelter, and clothing.

After more funds came in designated for relief work, we purchased one month's full rations, clothing, and footwear for many people in the affected areas.

We are also drilling 10 wells to provide fresh water for the people in the several different communities.

In addition to this, we have also provided financial aid and teams to another relief effort. Together with them, we have been able to help many children in orphanages that were affected by this tragedy.

ZIMBABWE:

After much ado, we are happy to report that the 20 tons of food donated by the Assemblies of God's Convoy of Hope organization has reached Zimbabwe. The food is being distributed as I write.

Most of the food is being distributed in two very needy areas. In the Kadoma-Chegutu region, it is being distributed through churches of the Assemblies of God and of Awake Grace Ministries. In the Matabeleland region, the food is being distributed by the churches of a large inter-denominational Pastors' Fellowship in the area.

We are the only ministry in Zimbabwe still being allowed by the government to distribute food, because we are non-political and are working without the involvement of any foreign diplomats who have been vocal critics of the government.

We have already completed the drilling of 6 wells in needy areas that were suggested to us by the government. We are now going into phase 2 of the well-drilling project.

Please do note that we are primarily an EVANGELISTIC organization, and that our primary goal is soulwinning and church-planting. As such, we primarily need your financial support for our efforts to get the Gospel out to the lost. Please DO NOT divert your giving from our Crusades to our humanitarian efforts!
