Dear Friends,

In this newsletter, I would like to share with you about our ministry activities throughout Asia.

ASIA

Country name removed due to the sensitive nature of the situation in this country

I lived in Bangladesh then East Pakistan for three years as a child. In the '80s I worked very intensively in North India, in the State of Orissa, where we planted more than 80 churches. Then, almost 15 years ago I started ministering in Asia, a land where there are few born-again Christians and where churches who preach the Gospel to the Buddhists are severely persecuted for their witness and their testimony.

We have worked in Asia all these years, holding large pastor's conferences and even open-air Gospel Crusades, which are illegal. We have been able to hold these crusades because of God's favor.

One example of God's favor is a large crusade that we held in the northern part of the country. The military and the secret

police took notice, but the local police chief who had an incurable eye disease and was going totally blind came to the crusade and was healed. Because of this wonderful miracle, we could continue. We saw amazing signs and wonders and miracles, and a massive harvest of souls for the kingdom of God!

This is just an example of how we have been able to work in this country where the preaching of the Gospel is illegal.

Some years ago the Lord told me to start planting churches in Asia. We had a pool of young men and women who had received Jesus and were on fire for the Lord. They followed us around and helped us at our crusades. We sent

these men and women out to plant churches in unreached areas of Asia. Then we started our Training Center for Church Planters and Pioneers where we train church planters for six months. We then send them out into the harvest fields, where they win souls, plant churches, and make disciples. We support them financially, meeting all their needs for a whole year until they are self-sufficient.

So far, we have been able to plant 178 churches in unreached areas all over Asia. Our latest group of church planters has

New Church Planters (two missing)

just gone out to the field, and they have planted 10 new churches. Please do uphold them in your prayers!

I was in Asia recently and held a conference for our pastors and church planters. They are spread out all over the country and for some it would take up to 4 days travel each way to get to where the conference was held, so not everybody could come. However, many did come from all over the country. I preached and taught everyday and had question and answer sessions with them. It was a time of great blessing, a time well spent. Our ministry provided their travel expenses, food, and accommodations whilst

they were with us.

Right now, I can see significant changes in the way in which we shall continue to minister in Asia. I am praying about what the Lord would have us do, and shall inform you, our partners, about these changes when the time comes.

CHINA

I recently had the opportunity to minister in China. God opened the door for me to minister at an outreach organized by a church in mainland China. This is very difficult to do, considering restrictions that the authorities have placed on the churches. Still, many people came to the meetings and heard the gospel preached and were saved. We also saw people healed from different kinds

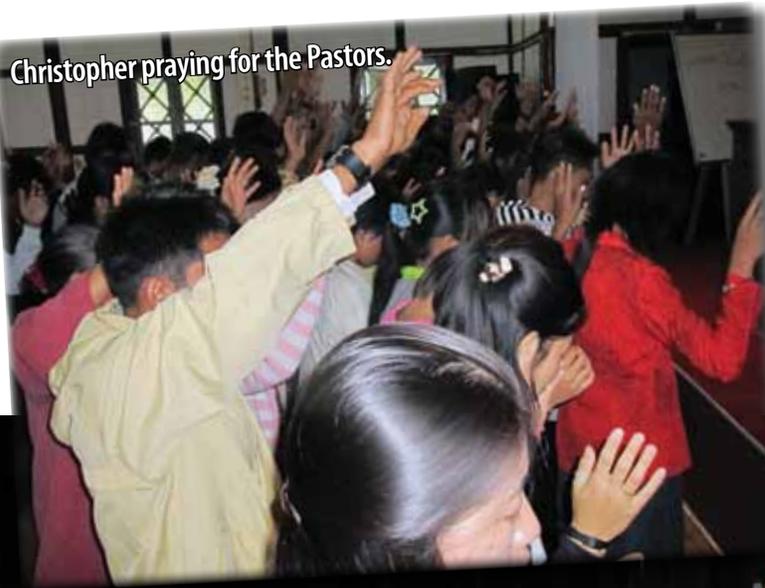

of diseases and infirmities.

One exciting testimony was that of a lady who was an insomniac and had not been able to sleep for many years. Her mother who lived in the city over 1000 miles away was totally deaf in one ear. This lady came to the meeting and asked for prayer, both for herself and for her mother, and I prayed for them.

The next day she called the church and overflowed with joy and excitement as she testified that she had slept a full night for the first time in many years! Upon waking up, she called her mother, who lived 1000 miles away, and her mother had told her that her deaf ear could now hear perfectly! All glory to the Lord Jesus!

I shall continue to go into mainland China and minister as the Lord continues to open the doors for me to do so.

THAILAND

I ministered at an open-air crusade in one of the suburbs of Bangkok, Thailand. This crusade was organized by Pastors Keith and Sharon Higginbotham of RHEMA Thailand. Their Bible school students and church members participated wholeheartedly in this crusade and we saw much good fruit. It was a small crusade, and the first such event that they had organized. We saw the Lord move in a mighty way, with people coming to Jesus and receiving miracles in each service. We saw God open the ears of the deaf and others testified of different diseases and infirmities that the Lord had healed them from.

SINGAPORE

I also minister quite regularly in Singapore, and sometimes in Indonesia. One thing we will be doing more of is to work together with my friend Pastor Kong Hee and the City Harvest Church of Singapore who are planting churches all over Asia.

I have cooperated with them before and we shall continue to do so, to help touch Asia with the Gospel of our Lord Jesus.

Thank you very much for your love, prayers, and faithful support of our ministry as we strive to press forward with this glorious Gospel of our blessed Lord Jesus!

Persecuted Church in Asia

thugs attacked the members of this church. They beat them up, destroyed their property, and threw them out of town. Since these believers subsist on farming, they went to their fields where they were again attacked. This forced them to flee to the jungles where they lived, struggling to survive.

It was during these events that the Church-planter we sent was gang-raped by the thugs. Her mother, also a Church-planter and Pastor with a tremendous healing ministry, was spared because of her age.

The persecution on this congregation resulted in over 100 Christians from 20 different families losing their homes and everything they own. Once we heard of this terrible event, we immediately responded sharing the need with our friends and partners. We were believing God for \$20,000 which would relocate the congregation and provide a simple hut, as well as, clothing, food and cooking utensils for each of the 20 families.

Thanks to the obedience of our partners, we were able to send \$27,000 to provide for this persecuted church. God faithfully provided above and beyond our goal of \$20,000! Continue to pray for Christians throughout Asia as they have put their faith in Jesus despite the risk of persecution.

In 2007, we sent out a Church-planter who started a church in the mid-east section of a closed country in Asia. This Church-planter, together with her husband, pastored the church and it began to grow as God did many mighty miracles of healing and deliverance. As a result, many people came to Jesus through their ministry.

About a year ago, the monks at the local monastery reported these new believers to the military authorities because they had laid aside Buddhism for a relationship with the Lord Jesus Christ. Consequently, the military and some local Buddhist
